The book assigned for my nursing program was actually called Medical-Surgical Nursing: Assessment and Management of Clinical Problems, 9th Edition. This book I found to be hard to read, however, the brunner and suddarth book only stuck with the facts. I had taken tests using the other book ( I received two B's and a C) and after studying this book for my most recent exam I received an A! This ...

Transcultural nursing means being sensitive to cultural differences as you focus on individual patients, their needs, and their preferences. Show your patients your respect for their culture by asking them about it, their beliefs, and related health care practices. They'll respond to your honesty and interest, and most will be happy to tell you more about their culture.
